

FOR IMMEDIATE RELEASE:

Los Angeles Clinic Serving Children with Special Needs Celebrates Five Years

Local special education company continues to thrive by connecting with families and the community

Los Angeles, CA, July 17, 2013—Total Education Solutions (TES), provider of educational and therapeutic services throughout the state, celebrates the 5th anniversary of its Downtown Los Angeles clinic this month. To commemorate the milestone, the company will be holding an Anniversary Party on July 31st.

TES' Downtown clinic was established in 2008 in order to enhance the organization's ability to service multiple special needs populations and provide resources and support while building relationships with families and the community. Moreover, the expansion allowed the company to provide services in a greater number of settings, including in the home and online. This has helped TES directly address the growing need for quality services as a result of increasing incidences of diagnoses such as Autism Spectrum Disorder (ASD).

"We are extremely honored to be operating clinics that are such an integral part of our communities," said Vice President, Meaghan Donahue. "It is a great source of pride for me personally and professionally that our clinics help to unify families—providing a physical location where families can facilitate relationships, find common ground, and nurture support systems all while their loved ones receive vital therapies using the most effective treatment methods."

TES offers a variety of services at its clinics to individuals of all ages and abilities, including Speech and Language Therapy, Physical Therapy, Occupational Therapy, Academic Tutoring, Intensive Academic Instruction, and Behavior Support. All intervention therapies utilize a comprehensive, multidisciplinary treatment model that promotes teamwork among professionals from varying fields to increase the effectiveness of therapy. Additionally, recognizing that parent involvement is key for a child's maximum development, TES promotes collaboration and strongly encourages parents to take an active role in the treatment of their child. The company accepts a wide range of insurances and is an approved vendor for Regional Centers across California.

An Anniversary Party will be held on Wednesday, July 31, 2013, from 3pm to 5:30pm at 1111 W. 6th Street, Suite 111, Los Angeles, CA 90017. Attendees will have the opportunity to tour the clinic and speak with staff, as well as enjoy appetizers and refreshments. Child-friendly activities will be run throughout the duration of the event. All are welcome. Anyone planning to attend is encouraged to RSVP by emailing rsvp@tesidea.com no later than July 25th.
